

# HEAT PUMPS WITH NATURAL REFRIGERANT

Heat Pump units for **high temperature** water production with CO2 natural refrigerant gas (R744)

**NATURAL REFRIGERANT**

**GWP=1**

**ODP=0**

Heating capacities from 14,5 to 133 kW

Heating

Semi-hermetic reciprocating compressors

Axial fans

Total cool recovery (Optional)

**KLIMA-THERM**

Experts in Chillers, Heat Pumps, Air Handling & Air-Conditioning
